

Roller Ramps

Looking for a solution to get your smaller boats safely out of the water? Look no further than a Roller Ramp solution from On The Water Designs.

Aluminum Roller Ramps

Light weight, heavy duty welded aluminum ramps. Custom widths and lengths available.

12' Roller Ramp 600lb capacity	RR2000-12	\$	2,700
16' Roller Ramp 1000lb capacity	RR2000-16		3,300
20' Roller Ramp 1500lb capacity	RR2000-20		3,900
10' Roller Ramp Extension (2 sets of roller bunks)	RR2000-10		1,750
Levelling Legs for Roller Ramp (2 leg holders & 4' poles)	RR9010		300

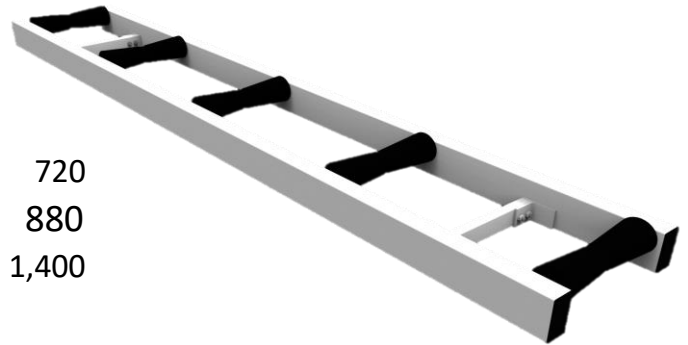

The Keel Roller will help to get your canoe and kayak up and over a wall or across rough terrain.

Keel Rollers

Great for moving canoes & kayaks over difficult terrain.

8' Model with 4x 12" Rollers	RR1000-08	\$	720
10' Model with 6x 12" Rollers	RR1000-10		880
16' Model with 9x 12" Rollers	RR1000-16		1,400

Build your own roller ramp kit for PWCs or smaller boats to create the perfect design at minimal cost or choose a fully welded system for the ultimate light weight, long lasting solution.
